

UPPER CYLINDER GAS TREATMENT

FOR ALL AUTOMOBILES AND LIGHT TRUCKS:

\$12.95

This product provides maximum protection by thoroughly cleaning the entire fuel delivery system and lubricating all metal components. It does not harm the catalytic converters or the O2 sensors. Lubrilon's proprietary SSL™ formulation lubricates the valve assembly and the upper portions of your cylinders, increasing fuel mileage and reducing wear. Depending on your driving habits, the lubricating effect lasts about 3,000 to 5,000 miles. *12oz bottle*

Overall Benefits:

Removes rust and corrosion

Alleviates hesitation

Reduces harmful emissions

Improves fuel economy

Cleans fuel delivery system

FOLLOW THESE DIRECTIONS EXACTLY TO ENSURE THE BEST PERFORMANCE IMPROVEMENT

A few things to know before you get started:

We suggest treating your fuel system with Upper Cylinder Gas Treatment every 3,000 to 5,000 miles.

Do not mix our product with another. If your engine has some other kind of treatment in it we recommend that you first change the fluids and then add our products.

We strongly recommend that you keep up your manufacturers' maintenance program. Changing fluids regularly is the key to successful car maintenance.

Directions for Upper Cylinder Gas Treatment:

For gasoline engines only:

Add 12 fl oz of Upper Cylinder Gas Treatment to 10-20 gallons of fuel.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Do not induce vomiting. Seek medical attention. Wash hands thoroughly with soap and water after use.
